Answers for Page 50, Colourful Riddles:

1. Greenhouses are always made of glass.
2. Answer: Black or Pink
3. The zebra that pushed the other zebra into the swimming pool!
4. He starts at at the NORTH POLE.

This means he walks south for a mile, but when he heads east for a mile he's just walking round in part of a circle, and stays one mile from the North pole. Therefore he only has to walk a mile north to get back!

So what color is the bear? It has to be a polar bear, so it's WHITE!
